The following parts are also covered if damaged by a Covered Part listed above: Accumulator/Receiver Dryer; Orifice Tube; Oil and Refrigerant; Seals and Gaskets.

Enhance Your Factory Powertrain Warranty with:

WRAP AROUND PROTECTION

Factory powertrain warranties are limited to major components. Wrap Around Protection is an exclusory level of coverage that is designed to "wrap around" your warranty protection and provide coverage for all of the components your warranty does not. First Centennial Wrap Around Protection will pay or reimburse you for reasonable costs to repair or replace any breakdown of all other parts except those listed under the What Is Not Covered section of the contract, less any deductible, in accordance with the general provisions contained in the contract. See actual service contract for details.

Since the factory powertrain warranty covers the powertrain of your vehicle, during the term of Wrap Coverage, the following component groups are not covered:

- Engine
- Turbocharger/Supercharger
- Transmission
- Transfer Case
- Drive Axle
